

The Golf Club at Black Rock

The Golf Club at Black Rock was designed by Jim Engh and built in 2003 in Coeur d'Alene, Idaho, United States of America. The course is a private course with a par of 72 with the black tees stretching 7130 yards.

To quote **Bill Satterfield** who wrote the following in his review of the course for Golf Course Gurus:

".. what should you "expect" when visiting Black Rock? Expect to take your ball on an 18 hole "roller coaster ride" and have an experience rivaled by few courses in the country."

I hope you find playing this APCD rendition of the course, equally as enjoyable.

Ian Wells
